**Know Your Infy**  
April 2019

Infosys®

Dear Prof Dr. Balraj Saini,

Hope this mail finds you well. We appreciate your interest in Infosys and would love to share with you a little bit about the exciting work that inspires all of us every day. So, here's a sneak peek into what it feels like to be one of us.

It is our pleasure to announce the launch of Infosys Certification for all engineering students in India graduating in 2020. Infosys Certification is a technical examination which will test students on latest technologies. Students scoring above 65% in the certification will be eligible for an on-the-spot job interview for different technical roles at Infosys. Registrations for Infosys Certification will open on InfyTQ platform. Nearly

60,000+ students from 2020 batch are already on InfyTQ and those who have completed the Foundation courses on InfyTQ will be at an advantage while appearing for the certification. Make the most of this opportunity and encourage your students to register for the Infosys Certification on InfyTQ platform.

### Airlines industry should switch to chatbots to serve customers

Due to the highly seasonal nature of business and multiple information entry points, customer service experience in the airlines industry is rarely satisfying. Use of chatbot technology can help improve customer service and render better experience.
